E. P. BRYAN, Agent.

LARGEST CIRCULATION IN CITY AND COUNTY

Attention is called to the advertisement of a farm for sale in another column.

Mr. J. B. Dryden has removed his news depot to the 5 to 99 cent store, at the corner of St. Clair and Main streets.

Robert Ramsey, an employee at the Kentucky River Mills, while carelessly handling a pistol Sunday, shot the third finger of his left hand off.

Mr. A. T. Todd purchased, on Wednesday last, the handsome residence of B. F. Meek, Esq., on Third street, in South Frankfort, for \$5,100 cash.

We are authorized by Mr. W. J. Chinn to say that he will positively not be a candidate for Councilman in the Third Ward, as his private business is such that he cannot consent to serve if elected.

The Board of U. S. Engineers, who are now inspecting the work on the Kentucky river, will be in this city Monday for the purpose of investigating the manner in which the work has been conducted.

There will be a public meeting at the Court-house Tuesday night of all those of our citizens who are in favor of conducting our city and county elections without the use of money and intoxicating liquors. Let every good citizen attend.

Dr. W. H. Phythian was boarding his horse at each of the three livery stables in this city that have been destroyed by fire in the last two years, at the time they were burned. He would change its name to Kate Claxton but it is not that kind of a horse.

A colored convict by the name of Christ Young was found dead in his cell at the Penitentiary Thursday morning. An inquest was held by Coroner McEwan when the jury returned a verdict of death from epilepsy. The deceased was sent to the Penitentiary from Newport.

Next week promises to be a very pleasant one for the young folks. The Young Ladies Cooking Club will give an entertainment at Maj. H. T. Stanton's on Wednesday evening and a hop will be given at the Capital Hotel Ball-room by the Assembly Ball Club Thursday evening.

The organization of the artillery company in this city was completed Wednesday night. The name adopted is the Governor's Light Artillery. The following are the officers selected:

Captain—J. B. Veach.
First Lieutenant—Robt. B. Franklin
First Sergeant—Howard Gray.
Second Sergeant—Harry Evans.
Third Sergeant—Frank Graham.
Fourth Sergeant—J. Price Williams.

The company will drill every Wednesday night at the Arsenal.

We learn by telephone from Monterey, Owen county, that a man by the name of Morton Brown, formerly of Lexington, was caught in the act of burglarizing the store of Messrs. J. S. Head & Co., in that place, on Thursday night. The store of Mr. H. D. Hart was broken into two weeks before, and the money drawer robbed of twelve or thirteen dollars, and Messrs. Head & Co. were on the lookout for a similar visit when Brown was detected. He went into the house before night and unfastened one of the shutters of an upper window to afford him an easy entrance, but was caught before he had gotten hold of any valuables. It is supposed that he is the same party who committed the robbery at Hart's store. He was sent to Owenton yesterday morning for trial.

Hall's Catarrh Cure is taken internally. It acts directly upon the blood and the mucous surfaces of the system. Price 75c. For sale by Jos. LeCompte, South Side

The engine at the Capital City Machine Works in this city, which drives all the machinery of that establishment, is run at an expense of twenty-eight cents per day. We doubt whether there is an establishment of the size and kind in the country that can make so economical a showing. Just now Messrs. Ferguson & Meek are crowded with work, and have fourteen hands employed.

Editor Roundabout:

The Board of Trustees of the Public Schools now in office have served one term and proven faithful and efficient. There seems to be a very general desire to have them accept the trust for another term. They have not been consulted, but it is hoped they will not refuse to obey the will of the people. By inserting the following announcement in your paper, you will concur in their favor.

MANY PATRONS OF THE SCHOOL:
For Trustees of the Public Schools,

E. WHITESIDES,
W. S. DEHONEY,
D. L. HALY.

Fine Burley Crop.

Except an extremely small beginning, commenced during the latter part of the winter, all the work and improvements referred to in the following article from the Farmers Home Journal, of Nov. 18th, were undertaken and completed from and after March 1st, last. Some 15 or 20 acres more of the land were cleared, improved with ordinary buildings, etc., and cultivated in tobacco during same time by tenants under Mr. Webber. With comparatively limited means who can beat it.

The finest sample of new crop which we have seen, was received this week from Mr. W. L. Webber, of Franklin county. These (one red, the other very bright), are said to be but fair samples of the crop grown on twenty-three acres of land, which a year ago stood in forest trees with a thicket of under growth. The tobacco averages twenty-eight inches in length, with plenty of breadth, fine fibre, bright color, sweet as a nut and clear of any damage. If such a crop does not justify our highest quotation of \$30 per cwt., we are greatly mistaken. At least the dealers who have seen it talk that way.

Mr. Webber, the grower of this, bought 102 acres of the Harvie tract of land last fall—all in woods. He had to clear, fence and erect dwelling and barns, and yet he has twenty-two acres of tobacco, which will average 1000 pounds, and which will about pay for the whole tract (cost of cultivation not considered). He has also cultivated corn and other crops on adjoining lands.

The lands owned by Messrs. J. S. & L. E. Harvie are six miles below Frankfort, near the Kentucky river, and in a section unsurpassed for growing fine Burley tobacco. The lands are for sale at such figures that one or two crops will pay the cost of the land.
